

Court Link Public User Guide

Welcome to Court Link, the Office of Administrative Courts' new integrated case management and electronic filing system.

If this is your first time using court link, you can get started by going to the public forms page and submit a case initiation form (WC – An Application for Hearing or for GS – Case Initiation Form).

For Workers' Compensation cases:

http://oac.force.com/CourtLinkWC/vipform_VIP_FormWizardLanding

For General Services cases:

http://oac.force.com/CourtLinkGS/vipform_VIP_FormWizardLanding

You are not required to create an account. You can file any form listed from one of these pages alone. However, by creating a Community user account, you will have access to the additional features, including the ability to view and download documents in your case. Regardless of whether you use the public forms above or the community, you will receive an e-mail (as provided in the submission of the form) when the submission is received and also when the submission is approved by a clerk.

If you already have a case before the OAC and you would like to access Court Link, send an e-mail to OAC-GS@state.co.us with Court Link Account in the subject line. Make sure to include your name, address, telephone number, attorney number and e-mail (the e-mail address that you want to receive notifications from the OAC) as well as the case number of any case you are already a party to.

When your account has been created, you will receive an e-mail with a link for you to set up your password for Court Link.

When you land on the home page, you will see:
